- DBMS
- DSA

EXPERIENCE

Flutter Developer Full-Time

12/2023 - Present

at FixingDots

Raipur

- Proficient in creating aesthetically pleasing and responsive user interfaces using Flutter framework. Utilized GetX, Provider, and Bloc for efficient state management in Flutter applications. Integrated and leveraged GetX, Provider, and Bloc for streamlined data flow and enhanced code architecture.
- Made significant contributions to the team's success by leveraging strong skills in Flutter, and API integration. Accomplished tasks efficiently, ensuring adherence to project timelines and delivering polished, bug-free applications.

Internship

Flutter Developer Intern

07/2023 - 11/2023

at Liveasy

Gurgaon

- Led intricate Flutter development projects, mastering the intricacies of responsive design and seamless navigation. Proficiently harnessed Firebase real-time database and adeptly integrated APIs, optimizing data flow and enhancing user interaction.
- Made significant contributions to the team's success by leveraging strong skills in Flutter, Firebase, and API integration. Accomplished tasks efficiently, ensuring adherence to project timelines and delivering polished, bug-free applications.

Projects

Grocery Application | *Flutter, Firebase, Git hub link*

- Developed a Robust Grocery App: Built a comprehensive grocery application using Flutter, leveraging Firebase for real-time data synchronization, user authentication, and seamless user experience.
- Integrated key features including product search, user reviews, and personalized recommendations. Utilized Flutter widgets, Firebase authentication, Cloud Firestore, and Cloud Functions for efficient backend management and optimal user engagement.

Amazon Clone | *Dart, Flutter, API Integration*

- In this project, we have used Dart, Flutter, Provider state management with MVM architecture.

Tiktok Clone | *Dart, flutter, Firebase,*

- In this project , we have used Dart, flutter, Firebase, Animations with MVM architecture.

Heart Disease Prediction Using Machine Learning | *Machine Learning*

- In This Machine Learning Project we get 80 percentage Accuracy after applying the Logistic Regression Model auspiciously.
- Social Media Analysis using Machine Learning and Deep Learning.

Technical Skills

Languages: Dart, Java, XML, SQL, getX, Provider Bloc .

Developer Tools: VS Code, eclipse .

Technologies/Frameworks : Flutter, Git .

Leadership / Extracurricular

- Koshish-ek kadam shiksha ki or is an organization dedicated to providing free teaching facilities and resources to underprivileged children, aiding in their skill development. In this organization, my responsibilities include teaching students and serving as a Koshish Senior Executive.
